### **Belarus - Council adopts financial restrictive measures**

The Council adopted a common position amending common position 2006/276/CFCP imposing restrictive measures against certain officials of Belarus by freezing all funds and economic resources of persons who are responsible for the violations of international electoral standards and the crackdown on civil society and the democratic opposition in the context of the 19 March 2006 presidential elections and those natural or legal persons, entities or bodies associated with them, as listed in the annex (8818/06). The common position also specifies that no funds or economic resources shall be made available, directly or indirectly, to or for the benefit of the persons concerned.

The Common position establishes a list of 36 persons concerned, including President Lukashenko.

These measures are adopted in addition to travel restrictions against President Lukashenko, members of the leadership and certain officials of Belarus imposed by common position 2003/276/CFSP<sup>1</sup> adopted by the Council on 10 April. At that time, the Council had indicated that further targeted measures could be decided (*See 10 April Council conclusions on Belarus in External relations press release 7939/06*).
